VOL. XXIV, No. 4

WETASKIWIN, ALBERTA, THURSDAY, APRIL 17, 1924

V. C. French, Publisher

## PROF. CORBETT OF UNIVERSITY ADDRESSES KIWANIS CLUB

One Hundred Per Cent of City Members Present. Professor Gives Entertaining Talk on Canadian Humourists. Resolution Passed Regarding Immigration. Standing Committees are Appointed.

The Wetsaskiwin Kiwanians held another very successful meeting in the banquet room of the Driad hotel on Tuesday evening, at 8.15, when one hundred per cent of the city members sat down to an excellent dinner which had been prepared by Kiwanian Smith. It was expected that John Blue, secretary of the Edmonton Board of Trade would have been the speaker, but he was detained and Professor E. A. Corbett, of the University of Alberta, made a very acceptable substitute. The professor took as his subject "Canadian Humourists and Poets" and referred briefly and entertainingly to the work of John Galt, statesman, essayist and writer; "Sam Slick" Dr. Henry Drummond, Stanley Jevons, Bliss Carman, Theodore Roberts, and other writers of note. The speaker was quite humorous and the gathering greatly enjoyed and appreciated his several readings of extracts from the books of the above writers. At the conclusion of his half hour address the professor was extended a hearty vote of thanks.

Kiwanian James introduced a motion which was unanimously supported, that the public affairs committee take immediate action, and endeavor to get some of the immigrants coming to Canada this spring to locate in the Wetsaskiwin district.

Kiwanian Russell, who presided, announced that the standing committees had been arranged as follows, the first person named being the chairman:

Attendance—J. N. Schreffels, M. J. James, C. H. Rice. Business Standards—B. M. Parker, E. T. Williamson and F. Abousaffy. Classification—C. W. Wallin, Geo. M. James and L. H. Nowville. Education—Rev. W. H. Irwin, E. Muncester and W. B. Odell.

Finance—Wm. Barry, B. M. Parker and J. E. Fraser.

Gravestone—H. G. Hoare, Ernest Switzer and F. T. Kirsten. House—Frank Montgomery, J. P. Johnson and C. H. Russell.

Inter-Club Relations—H. B. Hanson, C. M. Rice and Dr. Sutherland. Laws and Regulations—J. E. Fraser, D. Hoyle and Dr. Sutherland.

Membership—Geo. D. Wallace, Dr. Sutherland.

**LIQUOR CONTROL BILL READY FOR SIGNATURE**

Edmonton, April 12.—Liquor advertising is to be absolutely forbidden on bill boards but allowed in Alberta under regulations to be fixed by the liquor commissioner.

Annual licenses for breweries are reduced from \$2000 a year to \$1500 a year.

This was the final touch given to the new Alberta liquor control act at the night session Friday of the legislature. The act was then reported out complete from committee of the whole, and sent up for its third and final reading Saturday to receive the assent of the lieutenant governor.

Mrs. Nellie McClung made a last minute attempt to get the hours for the closing of licensed places for the sale of beer set back to seven o'clock Saturday nights instead of 9 p.m., as in the bill. She failed. An overwhelming majority of members voted against a motion to refer back to the section fixing the hours.

C. W. Cross, Liberal, Edson, was equally unsuccessful in trying to get the house to refer back to section 114. This section allows police officers or constables who believe liquor is being carried illegally in motor cars, boats or other conveyances not only to search without a warrant, but also to search the persons in charge of them, without a warrant. Mr. Cross denounced this as an unwarrantable and dangerous right to be conferred on police officers, but the Prime members were apparently "fed up" with tinkering with the bill and refused to go back to the section.

The reversal of the legislature's decision some days ago to prohibit all kinds of liquor and beer advertising including newspapers, was not accomplished without lengthy argument.

Robertson and D. MacEachern. Music—C. W. Niles, Wm. Barry and H. W. Wright.

Program—H. R. French, Earl Gough and Frank Abousaffy.

Public Affairs—R. W. Manley, W. H. Odell and A. S. Rosenor.

Publicity—V. C. French, E. Muncester and David Hoyle.

Reception—E. Muncester, J. P. Johnson and Frank Montgomery.

The next meeting will be held in the Driad hotel on Tuesday evening next, when it is expected that Rev. G. A. Clark of Edmonton will give an illustrated address on his trip abroad.

## WETASKIWIN'S BOWLING CLUB REORGANIZED

At a meeting of the bowling enthusiasts held in the Driad hotel on Tuesday, at D. MacEachern in the chair, the Wetsaskiwin Bowling Club was reorganized for the season, and now the players are anxious to get the games started.

The election of officers resulted as follows:

Hon. Pres.—Mr. W. Carruthers.

Pres.—Chas. H. Russell.

Vice Pres.—Dr. A. S. McColligan.

Sec.—Treas.—Jas. Fleming.

Greens committee—W. Carruthers, E. T. Williamson, and Sam Baker.

It was agreed that a shield be put up for competition, to be played for annually, and that four medals be given to the winners each year. The fees to be charged this year are, gentlemen \$3.00, ladies, \$1.00.

**EASTER, APRIL 20th**

Easter is the festival of the resurrection of Jesus Christ. The proper time for the celebration of Easter has occasioned no little controversy.

In the second century a dispute arose over this point between the eastern and western churches.

The great mass of the eastern Christians celebrated Easter on the fourteenth day of the first Jewish month or moon, considering it to be equivalent to the Jewish Passover.

The western churches kept it on the Sunday after the fourteenth day, holding that it was the commemoration of the resurrection of Jesus. The council of Nice (325 A.D.) decided in favor of the western view.

The controversy as to the celebration of Easter in England was settled by the adoption of the Roman usage at the council of Whitchy in 664. It was on the monastic cycle that the Gregorian calendar, introduced in 1582, was arranged. The Gregorian calendar was adopted by the Greek churches and by Russia in 1923, so that these churches now celebrate Easter and other holy days in conjunction with other Christian bodies.

Easter never occurs before March 22 or after April 25. In 1811 and 1881 it fell on March 22, but neither in this nor the following century will such be the case again. In 1913 it fell on March 23, as it did in 1845 and 1866. The latest Easter was on the 18th in 1886 and 1943 on April 25; in 1848 on April 26; on April 23, in 1859 on April 24.

This year Easter Sunday falls on April 20.

**I. O. O. F. ANNIVERSARY**

The officers and members of Wetsaskiwin Lodge No. 8, I.O.O.F., will hold the anniversary services of the Order on Sunday, April 27th, in the Methodist church, at 7.30 p.m. This will be a reunion of all the Odd Fellows and Rebekahs in the district.

The affair will be delivered by Rev. Bro. W. H. Irwin, and special music will be provided. All Odd Fellows, and members of their families are cordially invited to attend. The lodge room will be open in the afternoon as a room for out of town members and visitors.

## OBITUARY

MRS. ELIZA NEWSTED

On Monday, April 7th, another of the early settlers of the district passed out of this life at the age of seventy-two years. The late Mrs. Newsted had not been well for some several months. Deceased came to Wetsaskiwin with her husband and family in 1893. She was one of the oldest-timers, and was esteemed and loved by all who knew her. She leaves to mourn her loss two daughters, Mrs. Arthur Nelson of St. Paul de Metis, and Mrs. John West, of Millet, and three sons, Charles, of Maitland, Sask., Harry of New Norway, and John of Detroit, Mich. Her husband predeceased her eighteen years ago.

The funeral took place from the family residence, New Norway, services being conducted by the Rev. Tait. A large number gathered to pay their last respects to the departed. The Rev. Irwin of Wetsaskiwin, conducted services at the graveside. Interment was in the Wetsaskiwin cemetery.

**MRS. D. RUTLE**

Mrs. D. Rutle passed peacefully to her reward on Saturday morning, April 12, from the home of her daughter, Mrs. P. H. Forbes, at Metislock, Alberta. She died after a long and distressing sickness of about two years, during which time she underwent an operation in Edmonton.

The deceased leaves to mourn her loss, her husband, one daughter Mrs. H. P. Forbes, one son John A. Proudfoot of Lacombe, two brothers, R. S. Cairns, of Vancouver, and Rev. J. A. Cairns, of Longbank, Sask., and one sister, Mrs. Janet McMurdo, of Prince Edward Island.

The funeral services were held in St. Andrew's church, Lacombe, on Monday, April 14th, at 2 p.m., at which Rev. A. L. Elliott, of Wetsaskiwin, officiated.

The deceased was a very conscientious Christian, a member of the Presbyterian church and a life member of the W.M.S. She was of a very contented and cheerful disposition and made many friends wherever she went.

**ONLY ONE IN THIRTY SETTLERS IN AREA IS LIKELY TO FAIL**

Out of thirty settlers on the Bobtail Indian reserve, near Ponoka, but one is classified by the soldier settlement district supervisor as likely to fail.

This reserve was taken over by the Soldier Settlement board in 1919 and divided into farm units of an average size of 214 acres. In the season of 1923 all the settlers had from one-third to one-half of their acreage under cultivation—in one case—140 acres—although none of the land was broken when the district was opened.

Buildings have been erected, farms fenced and other improvements completed. The district has a school house and road work has been done. There is a Dominion government stock association in the district and the supervisor reports a marked tendency towards mixed farming. The settlers are well equipped with producing stock and machinery.

In the present collection period 25 of the 30 settlers had payments due; nineteen have made full payments and seven very substantial payments, with prospects that before the end of the period more than ten to fifteen per cent of the amount will be outstanding.

A number of the settlers have large families and were under the necessity of having to build large houses at first. This was rather a handicap; as they were needed all their resources for the development of their land. While they were not particularly favored by the weatherman, the whole district having suffered from damage by hail last year, they have made a splendid showing, due in a large measure to their fine spirit and industry.

Twenty-five farmers and their families who were attracted by glowing tales of Mexico and emigrated there a year and a half ago, are back in Canada again, and glad to be here. The last of them returned a few days ago to resume farming at Aberdeen, Sask. When interviewed in Winnipeg en route home they were waiting with unceasing delight the final stage of their journey back to the Canadian prairies.

## HOLIDAY

AS FRIDAY OF THIS WEEK IS GOOD FRIDAY, IT WILL BE OBSERVED AS A GENERAL HOLIDAY THROUGHOUT CANADA.

## SITTINGS OF THE SUPREME COURT

The regular half yearly sittings of the Supreme court are being held here this week with Chief Justice Hays presiding.

The following cases are on the list for trial, namely:

Cootle vs Smith.  
Kreller vs Carbee.  
Crook vs Kelley.  
Rye Farm Ltd. vs British Oak Insurance Co. Ltd.

Laura Adam vs Canadian National Railways.

The first case to be tried is Rye Farm Limited vs the British Oak Insurance Co. Ltd. This involves a claim made for hail insurance by Mr. E. A. Holbrook, manager of the Bank of Montreal, in connection with his crop of grain on his farm near Hobema, which was destroyed by hail last summer. The Hail Insurance Co. sent a cheque for a certain amount in payment of the damage, during the absence of Mr. Holbrook on his Ontario trip last summer, when Mr. Holbrook claims was not sufficient to pay for the damage. Subsequently arbitrators made an award for a larger amount and the Rye Farm Limited is now suing for the amount of the award.

Alexander Knox is acting for the Plaintiff and Mr. Savory, K.C., of Calgary for the defendant.

## TOWN TOPICS

Mr. and Mrs. Jas. Dixon and daughter Evelyn went to Calgary Wednesday morning to spend a few days with relatives.

The current issue of the Alberta Gazette announces the appointment of Harold Ingle of Wetsaskiwin as a commissioner for taking oaths.

Miss May Johnson, who has been spending the winter at the coast, returned to the city on Wednesday. Miss Johnson reports the coast conditions brisk and the weather ideal.

Ducks and robins, the harbingers of spring, have been seen. The winds of the past few days have dried up the land and roads very quickly, and it is likely that work on the fields will commence the first of the week.

Gordon L. Redmond, who has been on the Times staff for some time, left Wednesday morning for Seattle, where he expects to reside permanently. His position in the office has been taken by C. E. Good, who came down from Edmonton on Saturday.

The W.M.S. of the Methodist church will hold its Easter thanksgiving service in the church on Monday afternoon from 2 to 5 o'clock. Mrs. Ash of Edmonton, ex-president of the Alberta branch of the W.M.S., will be the speaker, and a good program of music, etc., is being arranged.

Lectures will be given in the Gospel Hall, Alberta Street, opposite the old Baptist church, commencing Wednesday evening April 16th, at 8 p.m. and continuing for the week. Astronomical, dispensational, practical. (from charts) to which all are invited. No collections, seats free. Speaker, P. S. Dawkes, of Toronto.

The many friends of Mr. J. E. Gullberg will regret to learn that the store, which he erected near Saskatoon recently, was burned to the ground a few evenings ago. Mr. Gullberg, who was sleeping upstairs had to jump from the window to save his life. No details of the affair have been received. It is expected that Mr. Gullberg will return to Wetsaskiwin in a few days.

Judging from present indication, the production of cranberry butter will establish a new high record for Alberta in 1924. At the present time there are 74 craneries in operation, being supplied by 40,000 farmers, and it is estimated that they will have a combined output of 18,000,000 pounds in 1924, as compared with 15,417,000 pounds manufactured by the 64 craneries operating last year. Sixty per cent of the butter was made north of Red Deer.

Advertise in the paper which is read by the people in the district who have at any time within the memory of men who have farmed a lifetime.

## WEDDINGS

GATES—LA ROCQUE

A quiet wedding was solemnized at the Presbyterian Manse, on Wednesday, April 9th, at 9 p.m., when Vernon Gates was united in marriage to Elizabeth La Rocque, both of Wetsaskiwin. The officiating minister was Rev. A. L. Elliott, Mr. and Mrs. J. H. Home witnessed the ceremony. Afterwards the party retired to the home of the groom's parents and enjoyed a very sumptuous wedding supper. The happy couple will make their home in Wetsaskiwin, and have the best wishes of their many friends.

**W. J. McNAMARA'S STENOGRAPHER DIES BY TAKING POISON**

Los Angeles, April 14.—Inquiry is being made here into the death of Miss Florence Spackman, a former school teacher of Edmonton, Alberta, who, it is understood, made large investments in oil and real estate in association with William J. McNamara, one time mayor of Edmonton. Miss Spackman succumbed to the effects of poison at Seattle hospital, Long Beach, on April 12nd.

Miss Spackman, who came here to enter the employ of Mr. McNamara as a stenographer last summer, was reported to have taken the poison at her home, 345 Chestnut Avenue, on March 25. No reason is given for the act. She was later removed to the hospital where she lost an eight day fight with death. She was buried in Angeles Abbey, near Long Beach.

After the burial, Dr. R. J. Stafford, of Ramona, an uncle of the dead woman, applied for permission of administration of her estate. Subsequently, it became known that she had financed deals in Edmonton and had also invested heavily in local propositions with Mr. McNamara. The circumstances surrounding her death are still a mystery.

**LIBERALS MEET TO PLAN RALLY**

Edmonton, April 14.—The Liberal members of the legislature will meet in this city today to make final and definite decision about the date for the Liberal convention.

In a conference with local Liberals last Friday the unanimous opinion prevailed that a convention should be held, but there was some question about the time. It will either be held after seeding and before harvest, or late in the autumn, possibly next November.

The Liberals say that there has been a noticeable revival in interest and enthusiasm in the party since the recent budget was proclaimed in Ottawa. It is expected that Premier MacKenzie King, Charles Stewart and other members from Ottawa will be present. The convention, however, will deal mostly with provincial affairs. A permanent leader will be endorsed or selected and a definite platform created.

**THE COAL STRIKE**

Last February there was a paid up membership of coal miners in District 13, of 9,000 men. The vote taken recently for or against a strike was 4,696 for and 282 against. With a strike in progress in the southwestern fields of the U.S. and in Alberta there will be close to 50,000 miners and their families to be provided for and no doubt there will be extreme want felt on the part of the families. As to the pros and cons of the question in dispute there is no doubt some reason for the strike. It is stated that miners of Alberta agreed to take a reduction of over a dollar a day providing the coal operators would reduce the price of coal to permit of selling in the Ontario market, but the operators would not listen to this.

Someone of authority made the statement that "nowhere in the world is the production of food greater than on the Canadian prairie. It is amazing to learn that a half section of farm produces enough food to last him and his family the remainder of his life in a single year." And yet the same authority admits the richness of farming as compared with other forms of occupation are worse than at any time within the memory of men who have farmed a lifetime.

## ALBERTA LEGISLATURE WAS PROROGUED SATURDAY NIGHT

Fifty-five Bills Passed. Liquor Control Bill Given Third Reading and Assented to by Lieutenant Governor. Verbal Battle over Printing Journals of the House. Boiler Inspection Act Amended.

Edmonton, April 14.—The fourth session of the fifth legislature, after running a course of eleven weeks, came to a peaceful end at 10 o'clock Saturday night, following three days of the house during the day.

One of the final acts of the session was to amend the bill abolishing the electoral division of Clearwater, this dividing the territory formerly represented by the late Dr. J. E. Slate, into three parts instead of four as provided for in the bill as originally presented to the assembly.

Instead of giving a portion of the riding to Edson, the entire southern portion of Clearwater is now attached to the constituency of Lac Ste. Anne represented by M. C. McKee, U.F.A. member. The portions allocated to Pembina and Peace River remain much the same in the initial draft.

Earlier in the day the Liquor Control bill was given third reading and at night was given final assent by Lieutenant Governor R. G. Brett, who visited the house and gave royal assent to a total of 55 bills passed by the session and in a message of appreciation and good wishes formally prorogued the assembly.

The major portion of Saturday was devoted to dealing with a voluminous mass of statute law amendments, many of them involving fifty-six and continuing to come into the chamber until the last hour.

One of the most important of these statute law amendments restores the method of procedure under the tax recovery act, whereby the registered owner of land to be sold for tax arrears must be notified by registered letter, instead of having notification confined to the issues of the Alberta Gazette. This has been asked by

mortgage loan interests for the past year or more.

C. R. Mitchell, Boy Valley, after insisting for some time that the government should reduce the taxation on grazing leases, at the last minute obtained from Premier Greenfield an amendment to the municipal and improvement districts act whereby the lieutenant governor in council may inquire into the situation and divide the lands or leases into classes, and prescribe the taxes which may be levied in each class.

Perren Baker, Medicine Hat, declared that farmers in the "short grass country" are protesting against the ranchers being given a reduction in grazing lease taxation unless the farm lands are correspondingly reduced.

Saturday afternoon for more than two hours the house witnessed a battle between Liberal members on one side, and George Howley and N. S. Smith, Ods, on the government side, this battle resulting from the report of the printing committee that only a limited number of returns made in the house be included in the journals of the house, which carry the annual reports of departments as well as a record of the votes and proceedings of the assembly for the session.

Other ministers, including the premier, deserted Mr. Howley during the long fight, and left him to carry on alone. However, he was sustained in the end, the house voting by a division of 25 to 19 in favor of Mr. Howley's motion.

Other ministers, including the premier, deserted Mr. Howley during the long fight, and left him to carry on alone. However, he was sustained in the end, the house voting by a division of 25 to 19 in favor of Mr. Howley's motion.

During the forenoon lengthy discussions of the boiler inspection act were dealt with, but after vigorous objections by Mr. Boyle and others, a proposal to require all engineers to register at least every two years with the department or lose his certificate, was withdrawn by Mr. Ross.

In spite of protests from Mr. Boyle the house committee adopted an amendment to the boiler inspection act to the effect that "every person engaged in the operation of a steam boiler shall speak the same language as the engineer in charge."

**Confirmation Service Zion Lutheran Church**

Eight catechumens made their confirmation vows last Sunday at the Zion Lutheran church. In a beautiful service before an audience which filled the church almost to capacity the impressive ceremonies made a lasting impression. The altar had been decorated with flowers while the catechumens knelt under an arch of pine tree boughs. In examining the class the Rev. C. "Iles chose the second and last statements of the third article of the Apostles Creed: 'I believe in a holy Christian church' and 'I believe a life everlasting.'"

The children answered with such promptness that their instruction had been sufficient.

The singing during the service called forth much comment. While the class marched into the church and proceeded up to the altar the entire congregation stood singing the old hymn "Jesus, Lead Thou On." The choir also took part, rendering the well known confirmation song, "My God, be with me now." Also the class sang an appropriate song.

Those who received their certificate of membership were: Frank Hay, Emanuel Riske, Leonard Kasar, Henry Kasar, Lillian Ward, Alma Grinde, Bertha Ward, Emma Kiefer.

Next Sunday they will receive their first communion at the morning service.

**MAYOR AND COUNCIL INVITED TO OFFICIAL WELCOME BRITISH FLEET**

Mayor Montgomery and the Aldermen of Wetsaskiwin have received a hearty welcome from the British Special Service Squadron entertainment committee, Vancouver, to take part in the official welcome to the squadron of the British fleet which is to visit the Pacific coast towards the end of June. The official welcome to which our town's leading citizens are specially invited is to take place at Victoria on June 21, and at Vancouver on June 25.

After accounts amounting to \$146.09 were passed for payment the meeting adjourned.

Principal Hoyle reported that the attendance for the entire school was keeping up well, and that the attendance for the month of March in both schools was 94 per cent.

The teaching staff will be given an Easter vacation from Thursday evening, April 17th, to Monday, April 20th. Chairman MacEachern appointed Trustees French and Moore as a purchasing committee and Trustees McKee and McMurdo as a boiler room committee.

After accounts amounting to \$146.09 were passed for payment the meeting adjourned.

**WHERE THE LADIES'  
HAIRNETS COME FROM**

North China is the centre of the hair net industry for two particular reasons: There are more human heads there than any other part of the world, and, owing to the fact that ques are still in vogue in that part of the country, there is more long hair per head. H. W. Robinson relates that by far the largest number of hair nets sold today are made from the combings of the queues of the inhabitants of North China. Although the industry was introduced in China by the Germans only fifteen years ago, in 1920 more than 14,000,000 hair nets were shipped to America from a single Chinese city, and the total annual exports of this product are valued at more than \$10,000,000. The nets are made by hand and the workers receive about one cent each for making them. The average person can hardly make ten nets a day.

Before the world war, Italy and Galicia shared with China the responsibility for producing most of the hair used in hair nets, while their manufacture centered in Alsace Lorraine, Galicia and Bohemia. During the period of hostilities, however, the industry gradually drifted to China and hairnets are now practically an exclusive product of that country.

**CHEER UP**

Why double other people's woes by looking grim and grey? Let's whistle up a hope or two to chase the fears away! Say—What's the use of envying the feasts we haven't got? Let's count the currents in our buns—'Twill cheer us up a lot. We won't talk gloomily, dismally, of trouble, grief and loss—We'll chat of blessing thankfully, and hide each petty cross. For we know—of course we do, life must have tricks of care—But still it has some sunny miles—thank God they are there!

fifty cents to last a class of sixty or seventy-five girls a month, while they are learning to make nets. As soon as they are able to make saleable nets, they used prepared hair, which costs as much as several dollars a pound, depending on length and other qualities. A pound of hair will make over 2,000 nets, for a whole gross of hair nets weighs only about one ounce.

The processes of bleaching and dyeing the hair are the most difficult parts of the hair net industry. All the raw hair was formerly shipped to Europe or America from China, where it was bleached and dyed by experts and then sent back to China for manufacture. But as the industry has developed, the preparation of the hair has also been transferred in a great part to China.

Probably nine-tenths of the hair nets exported from China at present are made from hair that has been prepared in that country. Contrary to general belief, nets are never made of split hair. Only whole hair is used, and sometimes double strands are utilized to make a stronger net, but the lighter weight is usually preferred. A single net requires the tying of a thousand knots or more, but if a girl is clever she can make as high as twenty coppees a day; and as she can live on much less than that, she often not only supports herself, but helps other members of the family as well.

The girls work in their own homes, where they have always been secluded. The only tools needed are a small brass shuttle and a bamboo splint. On a nail driven into a table or chair the first loop of the net is fastened. The hair is wound into the shuttle, like thread into a bobbin, and as each new loop is tied it is slipped onto the bamboo splint like a stitch on a knitting needle. Thus, with shuttle in one hand and the bamboo splint in the other, the maker adds knot to knot and loop to loop until the net is completed.

Then the nets are tied together in bunches of one gross each. For this a piece of board, into which nails have been driven, is provided, and the loops on the edge of the net are slipped over the nails until a pile of 144 nets is made. They are then tied with thread and are ready for the agent when he comes to collect, pay for making, and to leave more hair. In some cases the nets are fumigated in export workshops; but, since the hair has to pass through several strong chemical baths in the process of preparation, some firms think this is not necessary.

**ANNUAL ALBERTA  
MUSICAL FESTIVAL**

The seventeenth annual Alberta Musical Festival, which is to be held in Calgary on May 13, 14, 15 and 16th, is already showing promise of being one of the best and biggest events of its kind that has taken place in the province. Entries for all classes have been received by the secretary, and although it is early yet for these to be in, it indicates the amount of interest which is being taken, and also that a much larger number of entries may be looked for within the next few weeks.

In addition to the usual classes for choral, choir, vocal and instrumental competitors which have been in the syllabus in previous years, this year sees a number of additions which greatly widen the scope of the festival.

The adjudicators who have been selected to come to Calgary are Dr. Fricker, of Toronto, and Dr. James Lyon, of London, England. Dr. Fricker and Dr. Lyon will adjudicate in the choral and vocal classes, and Mr. Herbert Fryer, of London, England, will adjudicate in the instrumental and string classes.

While the time for the festival is drawing near it may be pointed out that there is still time for choirs and individuals to prepare for competition, and choir masters or others who are desirous of making entry are assured that they can obtain copies of the music at any of the music stores in Calgary, Lethbridge, or Edmonton, and that any information they may require about it or any matter relating to the festival will be gladly supplied by the secretary, Mr. Edgar Higgins, 403, Sixth Avenue West, Calgary.

Weak?  
Are Your Nerves  
Unstrung?**

Diseases and disorders of the heart and nerves have become frightfully prevalent of late years, and in all cases where the heart and nerves are affected you will find that Milburn's Heart and Nerve Pills will strengthen and invigorate the heart action, tone up the nervous system, enrich the blood, and then all your troubles, which have become the cause of so much fear and anxiety, will be a thing of the past.

Mrs. R. Kyle, Moose Jaw, Sask., writes—"About two years ago I suffered from palpitation of the heart and shortness of breath. My heart would skip beats, at times, and often I would have to sit up in bed to get my breath.

My nerves got so unstrung I could not sleep, only for about two hours each night. Having read so much about your Milburn's Heart and Nerve Pills I tried them and they have given me wonderful relief, so much so that I have used them ever since."

Milburn's Heart and Nerve Pills are 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co. Ltd., Toronto, Ont.

**CHEESE**

Cheese is a good and cheap food for body building. There is no better cheap substitute for meat. Cheese contains, approximately, one-third of body building and repairing material, one-third fat and one-third water. Cheese is a money saver. Twenty-five cents spent on cheese gives almost twice as much nourishment as the same sum spent on beefsteak.

Cheese has the reputation of being indigestible. Lack of thorough chewing usually causes this indigestion. If the cheese is well chewed with bread, it is easily digested, but toasted cheese slips down so easily that people often forget to chew it.

Canada is a great dairy country, and this important article of diet is readily obtained.

**FIVE TRILLIONS A PIECE**

If the Apostle Peter had been given one dollar by the Lord Jesus to put out at interest at three per cent per annum and had it compounded every other year, and the church had held the principal and interest until now (as it would be the Lord's money) the church would have over \$1,000,000,000,000,000,000 (one trillion, times one million) and if two billion people attempted to pay the interest on this amount at only one per cent per annum, each person of that two billion people would have to pay five trillion dollars annually. (Reader prove the answer yourself. Money at three per cent is over ten times itself every eighty years; and there are over twenty-four periods of eighty years since the time of Christ, 1924). But Jesus gave spiritual gifts, not money, for Peter said: "Silver and gold have I none." Acts 3:6.

**LORD! WHAT A COW!**

The story is told of Daniel Webster, who always sipped a glass of milk while speaking. Before an important oration a practical joker placed quite a little real liquor in the milk. There came a pause in the midst of the oration, then a sip of milk, a queer look, then a much longer sip. As Webster felt the fiery fluid percolate down his throat and whispered, "Lord, what a cow!" and drained the glass.

**A Thrift Hint!**

Make Your Own Syrup with  
**MAPLEINE**

Try Mapleine-made  
syrup tomorrow. Rich  
and delicious—made  
in a jiffy! Economical  
too! Costing only  
about 28c a quart.  
Your grocer sells Mapleine

**EFFICIENCY—PLUS**

An automobile owner keen on saving gas installed a new carburetor which was guaranteed to save 20 per cent on fuel. He next put in special spark plugs guaranteed to save another 20 per cent, also an intake super heater that was guaranteed to save 20

per cent. His next purchase was a patented rear axle to save 20 per cent. Finally he put on oversize cords that promised a saving of 20 per cent on gasoline. Now with a saving of 100 per cent on fuel the owner has to stop every 100 miles and bail out the gas tank to stop it from running over.

**FOURTH**  
of the series dealing with the establishment of the  
BANK OF MONTREAL at representative points in CANADA  
and elsewhere

**IN TORONTO**

A YEAR after being founded, the Bank of Montreal spread its Branches westward, in July of 1818 establishing Agencies at Kingston and York.

York, which afterwards became the city of Toronto, had then just had its first stage-coach communication established with Kingston and Montreal. It was merely a settlement in a clearing amid unbroken forests from which the Indians came to trade with farmers and other members of the little community. Today Toronto ranks among the largest cities on the continent.

Of the Bank's 567 Branches, 26 are in Toronto and 207 in the Province of Ontario, including Toronto.

**BANK OF MONTREAL**

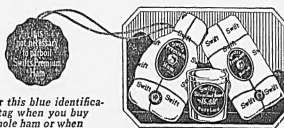

Established over 100 years

Total Assets in excess of \$650,000,000

**A Delightful Easter Breakfast**

Easter morning! Herald of Spring-time; sounding the call of Nature's reawakening to life and vigor. No wonder Easter is a glorious festive season, impatiently awaited: no wonder mankind seeks adequate expression—in new apparel—new colors—

—and—in thousands of homes by a special breakfast of Premium Bacon or Ham. But be sure it is "Premium", for, as Easter is an outstanding day, it is but appropriate that you should mark it by that which is outstanding in quality and goodness.

**Swift's Premium Hams and Bacon**

Look for this blue identification tag when you buy a whole ham or when you buy a slice

Be careful to get Swift's "Premium" when you buy Bacon or Ham—make sure of it this coming Easter Morning. Order from your Butcher or Grocer.

STRATHCONA MEMBER  
GIVES HIS VIEWS ON  
DAIRYING INDUSTRY

The following is taken from Hansard:

"I have hesitated to speak at this time, said Mr. Warner, as I felt that this was not the item under which to discuss marketing but now that the discussion has drifted into that channel I would like to say a few words. I feel that the hon. member for MacKenzie (Mr. Campbell) has struck a chord that we should consider. We do know that Canadian butter is being taken the place it should be in the Old Country and we know we are not competing successfully with New Zealand butter but it is not because we cannot do it.

We can do it. We have done it in the west. In Alberta we have endeavored to place our butter on the market in the Old Country an article known as Alberta butter, rather than Canadian butter. I am in accord with the statements of the hon. member for MacKenzie regarding the grading. It is not a fair proposition for the Alberta butter to take the name of Canadian butter. I do not speak for Saskatchewan, but I do speak for Manitoba. Perhaps they have as good grades there, although I do not know. I do know however that a considerable quantity of Alberta butter has been sold in the Old Country as such and it is considered better than what is known as Canadian butter. I know too that it has competed successfully with New Zealand butter. There are no doubt a number of difficulties in the way but we have overcome many of them. But I think it is quite unfair to us that butter made in the older provinces should go over to the Old Country under the label of Alberta butter. We have tried to establish a grade of butter over No. 1, and we have partly succeeded. I think the Dominion authorities should see to it that no butter goes over to the Old Country that is not properly graded. If the people in England want to buy either No. 1, No. 2 or No. 3 butter we can of course have no objection; but I suggest that we should have a grade as high as the best butter that we make in Canada, which is superior to what is called Canadian butter in the Old Country at the present time. We in Alberta have made a quality of butter superior to "Canadian Butter"; and while I do not know all the facts, I can say, generally speaking, that butter made in New Zealand butter has not found as much favor in the United States or Canada as the butter we produce. The New Zealand butter is so slightly salted that it must be used quickly or it becomes rancid. I do not know whether we are going to be able to dispose of our butter profitably in the Old Country by means of Dominion grading, but we are successfully speaking a few words for people who demand the very slightly salted butter, and there is no doubt in my mind that we could develop a very good market for our Alberta butter. I would advise the minister to spend a little money and devote some attention towards establishing and advertising a better grade than the present Canadian butter that is recognized in the Old Country. If the people in a part of the Dominion are making a quality of butter that is better than "Canadian butter," I think their interests should be protected and they should be put in a position to have that quality recognized by the means of a distinctive grading. In my opinion the government should see to it that these people are protected. Perhaps it is not worth while going into detail as to the way in which this butter is made, but the farmers are making it out in the west and the people in the Old Country want that butter and are willing to take it along with the New Zealand butter and to pay as much for it. I am interested in the dairy business and I know that we have been shipping to the Old Country a high quality product which we have not experienced any difficulty in disposing of. But the brand known as Canadian butter makes it difficult for us to sell our superior quality, so that we have to hunt up customers for our product. The government, in my opinion, should undoubtedly do something in this matter so that good butter such as we produce shall not, by reason of a misunderstanding on the part of consumers abroad, be placed on a level with a lower grade. Rather, I think that the farmers through-

WETASKIWIN'S TAX RATE MAY BE  
TEN MILLS LESS THAN LAST YEAR

The splendid effort made last year to turn the corner by facing the biggest mill rate in the history of the city, and the response made by the citizens in the payment of last year's taxes, resulting in a record collection has practically put the City upon a stronger financial basis than it has known for years.

Discarding the old policy of not considering estimates until ready to strike mill rate into the year, the city council at its last meeting in March, provisionally approved of the estimates for the current year. These may be subject to revision before the mill rate is finally struck, but it is not expected the estimates struck will be varied to any extent.

This year the ratemakers will be called upon to furnish a sum of \$12,156.48 less than last year. This is a most creditable showing and no doubt the saving will be greatly appreciated by the ratemakers.

After allowing for discounts and reserves for non-collection, this means a reduction based on last year's assessment value of approximately 10 mills. There is likely to be a reduction in the assessed value of the buildings in the city, however, which will affect the mill rate, but the reduction will be equivalent to 10 mills as based on last year's valuation.

We publish herewith a comparative statement showing the actual expenditures for 1923 alongside of the estimated expenditure for 1924. Comparisons can thus easily be made showing the difference in each department between this year and last.

Salaries according to General Account and the portions of salaries provided by the mill rates:—Actual in 1923, \$332,151; 1924 Estimate, \$363,300.

The building valuations' salaries included in the above are \$700 more this year than in 1923, only one per cent of the buildings being valued last year. Apart from this special disbursement this year there is a saving in the general salaries of \$500.00 over last year.

General Administration Expenses.—1923 Actual, \$634.13; 1924 Estimate, \$470.00. This is a reduction of nearly \$160 over last year through a saving in law costs of \$850 and a saving in bank interest of \$750.

Pier Department.—1923 Actual, \$508.06; 1924 Estimate, \$514.00. New fire hose purchased at a cost of \$270 is taken care of this year after a saving being made on other items of \$200.

Police Department.—1923 Actual, \$1385.56; 1924 Estimate, \$1350. The 1924 estimate shows \$65 more expenditure; this is caused by a transfer of charges from other departments to the Police department, and also includes purchase of new parts for city weigh scales, extra to last year.

Public Property Department.—1923 Actual, \$1201.90; 1924 Estimate, \$1300. The expenditure on the upkeep of the cemetery will be less this year by \$200, but \$500 has been estimated to equip an auto camp. The extra \$100 is allowed in the estimates to cover contingencies.

Health and Relief Departments.—1923 Actual, \$3233.31; 1924 Estimates, \$1970. This is a saving over last year of approximately \$365. Hospital accounts are \$150 less; sanatorium charges of \$500 last year will not have to be met, but a charge of \$600.00 for the care of delinquent children during the past few years may have to be liquidated to the provincial government.

Public Works.—1923 Actual, \$15,923.30; 1924 Estimate, \$11,272.70. There is a saving this year in the department of about \$4600.00. The main items of saving are: \$750 less for street lighting, \$1250 less estimated expenditure on streets, sewers and other maintenance. An item of \$1000 paid last year in settlement of the C.P.R. assessment appeal will not have to be met this year, but a new item of \$1150 will have to be provided for to take care of special frontage assessments for sewers and concrete walks chargeable to property now reverted to the city through the Tax Recovery act. This expenditure has actually been made out of general revenue in previous years, but was never included in estimates.

Debt Service.—1923 Actual, \$3052.14; 1924 Estimates, \$2941.29. This is a reduction of \$120.85. One debenture issue was finally paid off in 1923, representing an annual payment of \$600. The balance of the reduction is in the refunded annual payments. The interest of the Imperial Bank debenture decreasing over \$500 each year.

Public School Demand.—1923 Actual, \$31,000; 1924 Estimates, \$29,000. This shows a saving effected by the school board of \$2000 compared with last year.

Separate School Demand.—No change, viz. \$2500.

Deficits from previous year, 1923 \$12455.78 1924, \$8555.06. This is \$3900.72 less than 1923 and means that much less in the tax to be levied in 1924.

The following is a summary showing comparison between 1923 and 1924—

|                                    | 1923 Actual  | 1924 Estimates |
|------------------------------------|--------------|----------------|
| Salaries                           | \$332,151    | \$363,300      |
| General Administration             | \$634.13     | \$470.00       |
| Pier Department                    | \$508.06     | \$514.00       |
| Police Department                  | \$1385.56    | \$1350.00      |
| Public Property                    | \$1201.90    | \$1300.00      |
| Health and Relief                  | \$3233.31    | \$1970.00      |
| Public Works and Sewer Maint.      | \$15,923.30  | \$11,272.70    |
| C.P.R. Refund                      | \$1000.00    |                |
| Special frontage tax city property |              | \$1150.00      |
|                                    | \$359,404.61 | \$309,055.70   |
| Deficit previous year              | \$12455.78   | \$8555.06      |
| Debt service                       | \$3052.14    | \$2941.29      |
| Public Schools                     | \$31,000.00  | \$29,000.00    |
| Separate School                    | \$2500.00    | \$2500.00      |
|                                    | \$112,415.53 | \$100,562.05   |
| Saving over 1923                   |              | \$12,156.48    |
|                                    |              | \$112,415.53   |

LIQUOR LAW WILL BE  
IN FORCE IN 2 WEEKS

Edmonton, April 14.—Alberta's new liquor law, allowing the sale of liquor under government control, will come into effect in about two weeks, it is expected. The bill was read for the third time Saturday night, and was assented to in the usual manner by the lieutenant governor. Now it awaits official declaration by the lieutenant governor in council in the Alberta Gazette, following which it becomes law.

Licensed premises for the sale of liquor to the public will not be opened for one month after the law comes into effect. First, the application has to be made to the government, and must be published in the public press four consecutive weeks. Then, provided the application is granted, beer may be sold by the glass. Until then it will be necessary for liquor to be purchased direct from the government vendors.

It's time to start the annual cleanup of the town. The debris accumulated during the winter months is unsightly and the removal of same will help to beautify the town.

out the country should be induced to make better butter to come up to the standard of the product produced in the west.

300 HEBRIDEANS  
ARRIVE IN ALBERTA

Visions of a new land, new hopes, new opportunities, new plans, new happiness and new ideals, occupied the minds of the 300 Hebridean settlers, who passed through Calgary on their way to Red Deer and Edmonton districts shortly after 11 o'clock on Friday morning. Without exception, it would be safe to say that in all the train not one discontented nor unhappy person could be found. On the other hand they were all bright and cheerful although, according to their own statements, they were somewhat tired after their long journey. The trip had not been attended by any illness to speak of, but their minor colds reported and, during one minor day at sea, there was also seasickness. Everybody from a three-months old baby to the oldest adult has come through very well and all now glad that they have come to Canada to live.—Calgary Herald.

A number of the party are settling in the Wetaskiwin district.

The Alberta government has decided upon giving a course of treatment to drug addicts, the treatment being given in connection with the mental hospital at Ponoka, which is a move in the right direction.

NEGOTIATIONS  
TO CONTINUE  
FOR RESOURCES

The province will continue negotiations with the federal government for the transfer of the natural resources on the basis of offers which have been made, according to a resolution moved by Premier Greenfield and seconded by Attorney General J. E. Brownlee, and which was approved by a unanimous vote of the legislature on Friday.

There was no debate on the resolution which was somewhat changed to the original resolution submitted to the legislature when the question of natural resources was debated a few days ago.

The resolution is as follows: "That the government should continue its negotiations with the Dominion government for the immediate transfer of the its natural resources to the province.

"For the purpose of obtaining an immediate settlement of this important question, this house authorizes the government to accept the offer of the Dominion government to transfer to the province its natural resources on the basis of an accounting from 1905, subject to an agreement to be reached as to the terms of such accounting and the terms of the transfer provided, however, that the government is further authorized to accept such fixed sum to be paid by the Dominion to the Province, in lieu of such accounting, as it shall consider to be adequate after a further consideration of the probable result of such an accounting."

Due to demand for spring labor, there has been considerable decrease in unemployment in Alberta, the number of unemployed at the end of the second week in March being stated to be 481, which is the lowest figure for some years. This means that there is less than one person per thousand of population of the province out of work.

## EIGHT YEARS OF AGONY

C.P.R. Section Man Gets Wonderful Relief When Drego Comes to Regina. Finds it a Valuable Tonic as Well.

"For about eight years I have suffered agonies from rheumatism," says Mr. George Probert, of Tyvan, Saskatchewan, P.O. Box 100. "The pains would shoot through my hips and shoulders right down to my ankles. There were times when I could not straighten up and it was only about two weeks ago that I could hardly get around at all. My kidneys were weak and caused severe pains across my back.

"Scenes of remembrance gave me no result. Two weeks ago, however, I started to take Drego and today I feel better than for years. I can get around time and hardly feel a pain at all. The stiffness has left my hips and legs and my nerves are steady for the first time in seventeen years."

Drego's pure herb and root juice cleanses the organs of waste matter, purify the blood and induce healthy digestive activity. Drego contains no mercury, potash or habit forming drugs.

Drego is being specially introduced in Wetaskiwin by Northern Drug Co. Limited, and is sold by a good drug list everywhere.

Do You Suffer  
From Headaches?

Headaches seem to be habitual with many people and make life miserable for the sufferer, in fact, a million needles could not produce the suffering and torture that those afflicted undergo.

"There is only one way to get rid of the headaches, and that is to go right to the seat of the trouble.

Burdock Blood Bitters will do this by removing the cause of the trouble through its cleansing, strengthening and tonic action on the whole system.

Mr. E. Macnab, Moosehorn, Man., writes—"I had headaches every second day, and they were so bad I would have to lie in bed all day long, in fact, from 6 o'clock in the morning to 10 o'clock at night. I could hardly bear the suffering, but one day when I was in town I was advised to use Burdock Blood Bitters, and it sure did relieve me of all my headaches."

Burdock Blood Bitters has been on the market for the past 40 years and is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

ASTHMA USE  
RAZ-MAH

No Smoking—No Spraying—No Snuff  
Just Swallow a Capsule

Restores normal breathing, stops mucus gathering in the bronchial tubes, gives you nights of quiet sleep; contains no habit-forming drug. \$1.00 at your druggists. Send 6c in stamps for a generous sample. Templetons, 142 King West, Toronto.

CLARESHOLM MEMBER  
QUITS GOVERNMENT

Edmonton, April 12.—T. C. Milnes, prominent Farmer member from the constituency of Clareholm, left the government ranks when the house met at 3.30 yesterday afternoon and joined the independent group on the left of the speaker.

Mr. Milnes announced that he could no longer support the financial policy of the government. He declared his disappointment in the failure of the government to make sufficiently great reductions in expenditures to balance the budget.

There was no debate on the resolution which was somewhat changed to the original resolution submitted to the legislature when the question of natural resources was debated a few days ago.

The resolution is as follows: "That the government should continue its negotiations with the Dominion government for the immediate transfer of the its natural resources to the province.

"For the purpose of obtaining an immediate settlement of this important question, this house authorizes the government to accept the offer of the Dominion government to transfer to the province its natural resources on the basis of an accounting from 1905, subject to an agreement to be reached as to the terms of such accounting and the terms of the transfer provided, however, that the government is further authorized to accept such fixed sum to be paid by the Dominion to the Province, in lieu of such accounting, as it shall consider to be adequate after a further consideration of the probable result of such an accounting."

### MILLET

The monthly meeting of the Millet Women's Institute was held April 5, at the home of Mrs. Esterbrook. Considering the condition of all roads there was a really good attendance. Much enthusiasm was evinced by those present when the treasurer's report was read, and it was unanimously agreed to continue the efforts of raising money until the full amount required for the year's payment on the hall was in the bank.

A sale of home cooking and useful articles was planned for April 19th. A chicken dinner will also be served on April 19, from 12 to 2.30. In the afternoon tea will be served.

A merry discussion arose as to whether Hot Cross Buns were eaten Good Friday or Easter Sunday morning, so to overcome this difference of opinion it was decided to have them on sale both days—two ladies being appointed to take orders and supply the Friday demand, while another supply would be on hand for the cooking table on Saturday. Arrangements were made for the picnic and old time dance to be held Monday night, April 21, in the community hall.

The meeting closed with the national anthem, after which a most delicious luncheon was served by Mrs. Hynd, Mrs. Rupp and the hostess, Mrs. Esterbrook.

Did we hear someone say "The Institute is Dead." Not yet, come and see.

Drop in for dinner at the Community hall on Saturday—a real chicken dinner.

Don't forget the dance on Monday night.

### ASKER

A quiet but pretty wedding was solemnized at the home of Mr. and Mrs. T. A. Hansen, of Calgary, on March 26th, at 5 p.m., when Mrs. H. S. Kretling and Mr. J. Kraft, both of the Asker district, were united in marriage by Rev. Magne Schillias, the Norwegian Lutheran pastor, of Calgary.

The bride wore a dress of brown velvet, and carried a bouquet of white and pink carnations. They were supported by Mr. and Mrs. Hansen, cousins of the bride.

After the ceremony a dainty supper was served. After spending a few days in the city, Mr. and Mrs. Kraft returned to make their home on the W. R. Jones farm at Asker, which Mr. Kraft has rented.—Herald.

### SIR HENRY IRVING'S SUCCESS "WATERLOO" COMING TO THEATRE

Messrs Davis and Dalkin, the producers of "Peg O' My Heart" and "Grumpy" are bringing Sir Henry Irving's famous stage success "Waterloo" to the Angus Theatre on Wednesday evening, April 23. For eleven continuous years living delighted thousands of theatregoers with his little dramatic masterpiece and scored a triumph with it on every occasion. As Corporal Gregory Brewster, "The Straggler" Eugene C. Davis has a wonderful opportunity to display his talents as an actor of old man parts and those who saw him as "Grumpy" will remember with pleasure his ability to interpret such roles.

In addition to the play, Edmonton's foremost musical artists will appear on the program. D. Edgar Williams, conductor of the New Empire Orchestra, is a violinist of the very first rank and will delight the audience with his several selections. Miss Thelma Nehring is Edmonton's leading mezzo-soprano soloist while Capt. Edwards is the gold medalist of the Alberta Musical Festival (for baritone soloists). Altogether a rare treat is in store for the people of Wetaskiwin and a night of house is practically assured. Reserved seats are now on sale at the Rexall Drug Store.

We regret that in the issue of The Times of a couple of weeks ago our mechanical department placed the news sent in from Millet with some of the other correspondents' budgets.

## Canada Charter Granted To Strong Coast-to-Coast National Farm Agency

OTTAWA, Ont., March 25.—With the granting through the Government today of a Dominion Charter to the National Farm Agency, Limited, details were disclosed of the incorporation of what is undoubtedly the biggest organization of its kind in Canada. That the new company is a decidedly strong one is evidenced by the fact that its authorized capital is \$50,000; that its field is as wide as Canada, and that its plans are for the establishment of branch offices in at least a dozen of the leading cities of Canada, and the placing of approximately 500 local representatives in business from Atlantic to Pacific.

Powers given to the company under its federal charter will enable it to sell farms, real estate, business propositions of every description, and to carry on a general brokerage business that embodies everything from a cool mine to a tannery. The company is also empowered to extend its operations beyond Canada, and with numerous connections already established both in the United States and Great Britain, it is apparent that the National Farm Agency is destined to play a most important part in the future immigration of Canada and to become an aggressive factor in the growing years that are ahead for the Canadian people.

Of interest to many thousands in Canada will be the announcement that E. A. Strout Farm Agency of New York; that the new company has also absorbed the farm department of the United Farmers of Ontario, and that negotiations are now under way whereby a number of other smaller agencies will become merged with this big new Canadian corporation. Through these arrangements the National Farm Agency enters the Canadian field with approximately 150 local representatives scattered over various parts of Canada. It is, therefore, in a position to ensure a great national service to those thousands who are seeking farm homes, business opportunities and other openings in Canada; and is the only company of its kind that can offer to its clients such a national service, extending from Atlantic to Pacific.

The head office of the company is given as Toronto, with quarters at 602 Colonial Building. From this date it is ready for a nation-wide business, and promises to become the biggest real estate advertiser in Canada. The men behind the concern are: J. M. Thompson, formerly manager in Canada for the E. A. Strout Farm Agency; D. M. Curry, hitherto manager of the farm department of the United Farmers of Ontario; and S. S. Durant, of Manchester, England, for the past two years connected with the Strout Agency in Ontario. Associated with these men are a large number of the best known farm agency and real estate operators in Canada.

L. H. Newville, .. Representative

### JUDICIAL SALE OF FARM PROPERTY

Pursuant to Judgment and Final Order for Sale, there will be sold with the application of a Judge, by Geo. L. Owen, Esq., at his Auction Yard, Corner of East Pearce Street and Railway Street East, in the City of Wetaskiwin, in the Province of Alberta, at the hour of 2.30 o'clock in the afternoon on Saturday, the 19th day of April, A.D. 1924, the following land, namely:—The South-west Quarter of Section Twenty-Eight (28) in Township Forty-Six (46) and Range Twenty-Four (24) West of the Fourth Meridian, in the Province of Alberta, containing 160 acres more or less, excepting thereout and therefrom for a Roadway 3.75 acres more or less, of record in the Land Titles Office for the North Alberta Land Registration District as Road Plan 6436. The land herein described containing 156.25 acres more or less. Reserving unto His Majesty, his Successors and Assigns, all mines and minerals.

About Forty-Five (45) acres have been broken and brought under cultivation, and we are informed that a large proportion of the Quarter Section, when cleared, consists of good arable land.

The land is fenced all around the outside with a wire fence of two and three wires, and there is also some cross fencing.

This land is situated only about three miles west of the City of Wetaskiwin.

The purchaser is to pay 10 per cent of the purchase price to the Vendor's Solicitors at the time of sale, and the balance, without interest, within sixty (60) days into Court. In all other respects the terms and conditions of sale will be the standing conditions of the Supreme Court of Alberta.

Further particulars can be had from Odell & Russell, Solicitors, Wetaskiwin, Alberta. Dated at the City of Wetaskiwin, in the Province of Alberta, this 8th day of April, A.D. 1924.

(Sgd.) J. L. POOLE, C. S.C.A., J.D.W. Approved as to form: (Sgd.) Wm. A. D. Lees, L.J., S.C.A., J.D.W. 3-2in.

Wetaskiwin, Sunday school and Bible class at 11 a.m. Easter service program will be rendered by the Young People at 8 p.m. A good program is prepared. Thursday afternoon, April 24, a Ladies' Aid meeting will be held at the home of Mrs. Stromsen.

Thursday night, prayer and testimony meeting in the church.

On Sunday, April 27, a Young People's service will be conducted at Falmouth school at 2 p.m.

F. L. Dunphy has leased the theatre at Clive, and intends showing a picture there one night a week.

### MORTGAGE SALE OF FARM PROPERTY

Pursuant to the directions of the Registrar and by virtue of the Powers of Sale provided by The Land Titles Act, under a certain mortgage which will be produced at the time of the sale, there will be offered for sale by Public Auction on the lot adjoining the Post Office, by F. J. Kline, in the City of Wetaskiwin, in the Province of Alberta, on Saturday, the 3rd day of May, 1924, at the hour of twelve o'clock noon, the following property, namely:

The South half of the South East Quarter of Section Thirty-four (34) and the North half of Section Twenty-seven (27), all in Township Forty-five (45) Range Twenty-four (24), west of the Fourth (4th) Meridian, in the Province of Alberta, containing Four Hundred (400) acres more or less.

Terms of sale to be ten per cent cash at time of the sale and the balance according to the terms and conditions to be made known at the time of sale or upon application to the vendor's solicitors.

The above property will be offered for sale subject to a bonded reserve bid and free from all encumbrances, save and except the reservations and conditions in the original grant from the Crown and in the existing Certificate of Title, and taxes for the current year.

The Vendor is informed that the above property is situated about 3 1/2 miles from the City of Wetaskiwin, and that it consists of about 385 acres. About 150 acres are in pasture and hay land and about 250 acres are under cultivation. Practically all of the land could be broken. Located there on is a good frame house, log cow barn, good frame horse barn and shed, chicken house and granary. This farm is well fenced and has two drilled wells with wind-mill.

For further particulars and conditions of sale apply to Messrs. Parlier, Freeman & Howson, Barristers, etc., 514 Macleod Bldg., Edmonton, Alberta.

Dated at Edmonton, in the Province of Alberta, this 13th day of March, A.D. 1924.

**PARLIER, FREEMAN & HOWSON** Approved: Vendor's Solicitors A.T. Kinnaird, (Seal) Pop. Registrar 4-2in.

## FRUIT TREATMENT FOR CONSTIPATION

Quick and Permanent Relief  
By Taking "Fruit-a-lives"

What a glorious feeling it is to be well! What a relief to be free of cathartics, salts, laxatives and purgatives that merely aggravate constipation and are so unpleasant to take and so weakening in their effect!

What a satisfaction to know that the juices of apples, oranges, figs and prunes will absolutely and permanently relieve constipation. By a certain process, the juices of these fruits can be concentrated and combined with tonics—and it is these intensified fruit juices that correct constipation, relieve headaches and tinnitus, and make you well and keep you well.

"Fruit-a-lives" are sold everywhere at 25c. and 50c. a box—or sent postpaid by Fruit-a-lives Limited, Ottawa, Ont.

The Classified Ads will obtain for you just as good results as if you personally interviewed every person who reads it. If you have anything to sell, exchange buy or trade, then use the classified advertisement section.

### NOTICE

The Government has Announced That there will be No Railway Extensions in the Province This Year.

For the last 5 months our question has been: "Does the Government intend to extend the Lacombe and North Western Railway in 1924, Yes or No?" Above everything—the building of railways is of the utmost importance to the settlers of Alberta, and yet not until Parliament is due to close, do we get our answer—"No!" Why this delay?

A Mass Indignation Meeting will be held in Telfordville Hall on Thursday afternoon, April 17th, at 2.30 o'clock. The government has been invited to send representatives to this meeting to explain and defend its decision.

It is hoped that representatives of the Edmonton Board of Trade, the Strathcona Business Men's Association, and members of the legislature who are interested in this railway will be present.

The roads are bad, but don't let them keep us from this meeting. Let us be done with waiting and living in the future.

Let us now make a stand for our rights.

(Sgd) D. C. BRETON,  
Sec. of Committee

### LEGISLATURE PASSED OVER FIFTY BILLS

The following is a list of the bills considered by the legislature during the session which concluded on Saturday.

No. 1. A bill that makes life insurance contracts uniform with similar legislation in other provinces in Canada.

No. 2. Enables the board of governors of the university to issue bonds for refunding and establishing a sinking fund.

No. 3. The Bee Disease Act that enables inspectors to destroy colonies with foul broods and to quarantine bees where the disease is suspected.

No. 4. The Agricultural Department Act, increasing the trading fund of the department from one hundred thousand to two hundred thousand.

No. 5. Amendments to the Lethbridge city charter.

No. 6. The Church Union bill to be promulgated by the Lieutenant Governor in council and supplementary to the bill at Ottawa.

No. 7. Statistics Act, amending Vital Statistics Act to provide for the legitimate children within the province to parents who were afterwards married.

No. 8. An act to empower the Medicine Lake Collieries Limited to construct and operate a colliery railway.

No. 9. Medicine Hat charter amendments.

No. 10. Railway charter to the Burns Carbon Railway company.

No. 12. Amending the Treasury Department Act as regards the duties of the new Auditor.

No. 13. The Main Highways Act. Authorizing a bond issue of \$3,500,000 to build main highways. One-half of the revenue from auto licenses to provide interest and sinking fund for this issue.

No. 14. Act to provide for the Government control and sale of liquors. Provides for sale of hard liquors from government stores. Sale of beer by the glass from license premises and clubs to qualify under the act, and the sale by breweries to permit holders. Fees for general permit \$2. Beer permit \$1. Special permit lasting for only one month \$1. Permit for one purchase 50 cents. The Act is under control of R. J. Dinning, Liquor Commissioner.

No. 15. Stallion Enrolment Act provides for registration of stallions on certificate of minister of agriculture, gives lien on two-year-old colt and requires detailed reports of service and also provides for registration of grade stallions.

No. 16. Threshers' liens dropped in statute law amendments.

No. 17. Irrigation Districts Act, provides for maintenance of farm bridges across ditches by the owner of land and other minor changes.

No. 18. Edmonton City Charter amendments.

No. 19. Amendments to Municipal Hall Insurance Act. To provide that owners must apply to be admitted under this act, instead of applying to be left out.

No. 20. Amendments to the Calgary City Charter.

No. 21. Amending the Legislative Assembly Act to abolish the Clear-water constituency.

No. 23. Fixing the minimum age limit for drivers under the Vehicle and Highways Act at sixteen years. Licenses for chauffeurs to have photograph affixed to their license. License for garages. Penalties for driving a car when intoxicated. Prohibits cars passing a standing street car, and limits speed to thirty miles per hour.

No. 24. Amending the game act, provides open season for grouse, partridge and prairie chicken for the entire month of October. The open season for Hungarian partridge as from September 15 to November 15, and increases the daily bag to 15 and the season bag to 50. Reduces the big game license for residents from \$2.50 to \$1.00.

No. 25. Amends Benevolent societies' act to prevent "Mushroom Beer Clubs" and provide stricter supervision.

No. 26. Constitutional sales act does away with registration of liens except in case of motor cars and requires companies to furnish information as requested. This act is to be revised next session.

No. 27. Requires double platoon system for permanent fire department.

No. 28. Requires one day off in seven for employees of permanent fire departments and amended not to come into force until city electors vote on it.

No. 29. Limitations of Actions act, to be carried on until next session.

No. 30. Amends Workmen's Compensation Act to raise percentage of payments from 55 per cent of wages to 62.5 per cent in disability cases. Withholds payments remitted at 85 per cent with sliding scale for children under twenty years of age.

No. 31. Amendments to School As-

### WEATHER COMPARISONS FOR 1905-06, 1923-24

Millet, April 14, 1924

Editor, Wetaskiwin Times.  
Dear Sir—I have been asked several times if I knew of any winter in this part of the country which had been warmer than this one. I enclose temperature schedules for 4 months in Minimum temperatures compared—

1905-06 and same for 1923-24, for comparison. As you will see, the 1905-06 temperature works out a shade higher. My readings are taken at noon instead of 7 a.m., which will account for any differences from the government observers' records.

Robt. C. Young.

assessment Act to provide coincidence in notices of assessment from municipal and school districts.

No. 32. Ameria Mine Act killed in the house, in which the Premier said was in the power of the Commission to investigate.

No. 33. Cooperative Societies' Act to provide greater facilities for the work of such organizations.

No. 36. Provides for confiscation of slot machines to take effect June 1 of this year.

No. 37. Incorporating the Alberta Wheat Producers Limited, for the wheat pool.

No. 38. Amends the Insanity Act, so that drug users may be committed. Patients may have themselves committed. Patients may be admitted on the certificate of two physicians and signed by a justice of the peace. Superintendent of the hospital passes on all patients.

No. 39. Border Areas Act allows greater powers to school districts extending over borders of adjoining province.

No. 40. Preservation of Public Documents, regulations for parliamentary library.

No. 41. Amending the Live Stock Encouragement act so that members of borrowing groups are released from the joint responsibility by paying their individual responsibility.

No. 42. Landlords' rights in bankruptcy limits priority rights to that of other creditors. Not to be dealt with until next session.

No. 43. Technical amendments to school act.

No. 44. Gasoline tax amendments withdrawn.

No. 46. Establishing a Farm Loan board, with local supervisory associations. Borrowers must take capital shares of \$5 each on basis of two shares for each \$100 borrowed. Interest rates to be not less than rates paid on bonds issued to cover loans and cost of administration. (Estimat-

ed administration costs one per cent). Only bonafide farmers are permitted to apply, and loans are not to be more than fifty per cent of the appraised value of the land plus estimated productive and development value by reason of the loan.

No. 47. Amending cooperative credits act to provide sinking fund and to provide for closer supervision of local groups of credit issued.

No. 48. The annual appropriation act.

No. 49. The annual act on temporary borrowings for general fund purposes.

No. 50. Statute law amendments covering numerous technical changes in existing statutes.

No. 51. Correcting an error in the assessment area of the Village of Provost.

No. 52. Validating the incorporation of the Village of Falar.

No. 53. Amending the hospitals act to permit the reception of tubercular patients under regulation.

No. 54. Removing the limit on the amount the province may receive in deposit under the savings certificate act.

No. 55. Amending the legal professions act to allow the benchers greater latitude in disciplining members.

No. 33. Cooperative associations act allows such organizations to incorporate on the basis of membership instead of capital shares.

### KIDNEYS SO BAD Had to Stay Home From Work

When the kidneys begin to "act up" and fail to filter the blood through them, there passes into the system uric acid and other virulent poisons which will cause some of the severest and most deadly diseases known to mankind.

On the first approach of kidney trouble, Doan's Kidney Pills should be used and serious trouble avoided. Mrs. J. E. Johnson, Brantford, Ont., writes:—"My husband suffered something awful with his kidneys and would have to stay home from work two or three times a week. He tried all kinds of things, but they only relieved him for a short while. He saw Doan's Kidney Pills advertised and after a few doses he felt fine; after he had used four boxes he was completely relieved. That was two years ago and he has not suffered since."

Be sure and get "Doan's" when you ask for them. Price 50c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## GWYNNE

Mrs. Carl Johnson left last week for  
 Detroit.

A little daughter has come to the  
 home of Mr. and Mrs. Robt. Ingis.

Mrs. Roy H. Weaver and two chil-  
 dren, of Woodstock, Ontario, who  
 have been spending the past month  
 with relatives in the west, visited at  
 the home of her sister, Ms. George  
 Shantz, last week.

Mr. Ben Waters from Detroit, is  
 back to our vicinity again.

We welcome Mr. and Mrs. E. E.  
 Womack and family, of Greenlaw,  
 back to our neighborhood.

Phillip and Peter Nelson, brothers  
 of Mrs. J. A. Wingblad, arrived from  
 Sweden on Thursday morning last.

They report a favorable journey over  
 from the old country, and they will  
 make their home with their sister for  
 the near future.

Mrs. Fred Wallace of Truro, N.S.,  
 arrived in the city a few days ago to  
 spend some time visiting her daugh-  
 ter, Mrs. Geo. E. Wiseman.

Miss Lily White and Mr. Harold In-  
 gis, two popular Wetaskiwinites,  
 are being married as we go to press.

We will make further reference to the  
 event in our next issue.

Among the property deals of the  
 past few days is the sale of the resi-  
 dence and lots of L. Zack to C. W.  
 Putnam, who recently purchased the  
 Palm Pool Room.

\*\*\*A dance will be held in the Nash-  
 ville school on Friday evening, April  
 25 under the auspices of the Nashville  
 Baseball Club. Good orchestra in at-  
 tendance. Admission \$1.00.

The Wetaskiwin Produce Co. closed a  
 contract last week with a firm at  
 the coast for several carloads of pota-  
 toes. They are now busy filling the  
 order.

C. H. MacLachlan, agent for the Mut-  
 ual Life Assurance Co., who has been  
 at Edmonton for several years, has  
 taken the Wetaskiwin agency, and is  
 now a resident of the city.

A big chicken supper will be serv-  
 ed in the Blue Lantern from 5.30  
 p.m. on Saturday evening by the  
 members of Mrs. Holbrook's bible  
 class. Tickets, 50c. Children under  
 12 years half price.

## TOWN TOPICS

Remember the tennis club dance on  
 Monday evening next.

L. H. Newville attended the Life  
 Underwriters Congress at Calgary  
 last week.

We understand that a mild epidemic  
 of 'flu has broken out at the school  
 at Hobbema.

Several Hebrideans, who recently  
 came to Canada, have taken up their  
 residence in the Wetaskiwin district.

Knox church Girls' Mission Band  
 will hold a tea in the Sunday school  
 rooms on Easter Saturday, from 3 to  
 6 o'clock. Everybody is invited.

The Catholic Women's League are  
 holding a tea at the home of Mrs. P.  
 A. Miquelon, on Wednesday, April 23,  
 from 3.30 to 6 p.m.

Mrs. Fred Wallace of Truro, N.S.,  
 arrived in the city a few days ago to  
 spend some time visiting her daugh-  
 ter, Mrs. Geo. E. Wiseman.

Miss Lily White and Mr. Harold In-  
 gis, two popular Wetaskiwinites,  
 are being married as we go to press.

We will make further reference to the  
 event in our next issue.

Among the property deals of the  
 past few days is the sale of the resi-  
 dence and lots of L. Zack to C. W.  
 Putnam, who recently purchased the  
 Palm Pool Room.

\*\*\*A dance will be held in the Nash-  
 ville school on Friday evening, April  
 25 under the auspices of the Nashville  
 Baseball Club. Good orchestra in at-  
 tendance. Admission \$1.00.

The Wetaskiwin Produce Co. closed a  
 contract last week with a firm at  
 the coast for several carloads of pota-  
 toes. They are now busy filling the  
 order.

C. H. MacLachlan, agent for the Mut-  
 ual Life Assurance Co., who has been  
 at Edmonton for several years, has  
 taken the Wetaskiwin agency, and is  
 now a resident of the city.

A big chicken supper will be serv-  
 ed in the Blue Lantern from 5.30  
 p.m. on Saturday evening by the  
 members of Mrs. Holbrook's bible  
 class. Tickets, 50c. Children under  
 12 years half price.
